

Arbor MIS

The replacement for SIMS that's designed to make a difference

Y system i ddisodli SIMS a luniwyd i wneud gwahaniaeth

We're working with Welsh Local Authorities to establish Arbor MIS in Welsh schools like yours.

Rydym yn gweithio gydag Awdurdodau Lleol Cymru i sefydlu Arbor MIS mewn ysgolion yng Nghymru, fel eich ysgol chi.

What is Arbor MIS?

More than just a replacement for SIMS, Arbor helps schools of all sizes work more easily and collaboratively, with intuitive tools designed to make a difference.

Our fully integrated modules include everything from Comms and Payments to a Parental Portal and Trip Management.

Arbor is cloud-based, which means you can access it from anywhere, on any device, at any time. It also means we're always releasing exciting updates and developments, ensuring your school is future-proof.

Mae Arbor wedi'i leoli yn y cwmwl, felly gallwch gael ato yn unrhywle, ar unrhyw ddyfais, unrhyw bryd. Hefyd, mae'n golygu ein bod bob amser yn rhyddhau diweddariadau a datblygiadau cyffrous, gan ddiogelu'ch ysgol at y dyfodol.

We genuinely love the Arbor system and the team behind it who seem to just want the whole system to succeed at the Lakes. There's always a bit of heart in the mouth when you instigate such change in a school and I would just like to say a huge thank you to yourself and your team, who really have looked after us and who have wholeheartedly helped us confirm that the decision to change to Arbor was the right one.

The first word that comes to mind [when describing Arbor] is 'simplicity'. It's easy to grasp, and new users can quickly work their way around the system's functions – you don't feel like you need hours of training, as you do with other systems.

If you're looking for an MIS which does everything, there's no other option really. When we met Arbor, you could just tell this was a different way of doing things. There was a degree of ambition that matched what we wanted to do for our school."

If I had to talk to a school that was thinking about changing to Arbor, the one thing I would tell them is to just do it, because your data will actually mean something to you. Instead of inputting data and not really appreciating why or what it means, you will get a view of what is actually happening in your school.

Rydym wir wrth ein bodd â system Arbor a'r tîm y tu cefn iddo, sydd wir am i'r system gyfan lwyddo yn Lakes. Mae'ch calon yn eich gwddf wastad pan fyddwch chi'n cychwyn newid mor fawr mewn ysgol a hoffwn i ddweud diolch enfawr i chi a'ch tîm, sydd wir wedi gofalu amdanom ni a'n helpu ni i gadarnhau mai'r penderfyniad i newid i Arbor oedd y penderfyniad Cywir.

Y gair cyntaf sy'n dod i'r meddwl [wrth ddisgrifio Arbor] yw 'symrlwydd'. Mae'n hawdd ei amgylfred a gall defnyddwyr newydd weithio'u ffordd o gwmpas swyddogaethau'r system yn gyflym – dydych chi ddim yn teimlo bod angen oriau o hyfforddiant arnoch chi, fel gyda systemau eraill.

Os ydych chi'n chwilio am MIS sy'n gwneud popeth, does dim opsiwn arall, a dweud y gwir. Pan gyfarfuom ni ag Arbor, gallech chi ddweud mai ffordd wahanol o wneud pethau oedd hyn. Roedd uchelgais a oedd yn cyfateb i'r hyn roeddem ni am ei wneud i'n hyssgol ni.

Pe byddai'n rhaid i fi siarad ag ysgol a oedd yn ystyried newid i Arbor, yr un peth y byddwn i'n ei ddweud wrthynt fyddai gwnewch ef, oherwydd bydd eich data wir yn golygu rhywbeth i chi. Yn hytrach na mewnbynnu data heb wir werthfawrogi pam na beth mae'n ei olygu, cewch olwg ar beth sy'n digwydd go iawn yn eich ysgol.
