

# Payments Plus

## The end-to-end payments system from Arbor

Say goodbye to third party payment systems and logging in to multiple places to complete different payment tasks. Bringing payments into Arbor means just one system for you and your parents to learn and rely on.

### School shop

Manage, see and sell all your school items online. Parents can browse and purchase items quickly and simply, no need to ring up or pop into school

### Rotating meal menus

Remove the admin of daily meal registers. Parents can make meal choices online and in advance, based on your meal menus

### NEW! Apple Pay and Google Pay

Give parents the flexibility to pay the way that suits them, whether that's by card, Apple Pay or Google Pay

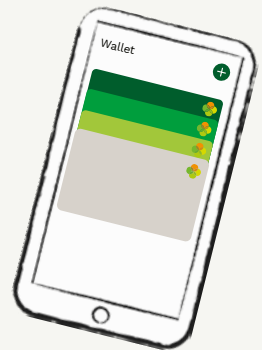

Arbor

# Apple Pay and Google Pay are here!

Payments Plus now includes Apple Pay and Google Pay:

- ✓ A new, simple way for parents to pay via the Arbor App
- ✓ No more re-entering card details every time

## Our Pay-for-One Promise

If you're locked into paying for another payment system, you can start using **Payments Plus** now, and we won't ask you to pay until the contract with your current payment system ends.
